China to Spend \$800,000 In Marvelous Display at the Pan-ama-Pacific International Exposition

ARCHITECT'S SKETCH OF THE PAVILION OF THE CHINESE REPUBLIC AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION IN 1915, TO BE ERECTED AT A COST OF \$300,000. COMMISSIONER TING CHI CHU AND HIS YOUNG BRIDE REACH SAN FRANCISCO.

SAN FRANCISCO, April 4.—[Special.]—Ting Chi Chu, commissioner of China to the Panama-Pacific Exposition, said today that China's representation at the Exposition will entail an outlay of \$800,000, of which at least \$300,000 will be expended on the Chinese pavilion. The exhibits will be the most elaborate and costly ever shown from the Celestial republic at an exposition. Chu is a graduate of Harvard and counselor to the ministry of industry and commerce of China. He attended the Pei Yang university when Wu Ting Fang was president. He was born in Shanghai in 1887. Mrs. Chu, as Miss Pinna Hu, graduated from Wellesley college in 1913.

SPLENDID PROGRAM ARRANGED FOR BERETANIA PLAYGROUND BENEFIT

All Proceeds from Performance
of Tonight at Ye Liberty
Will Benefit Children

Everything is ready for the big special entertainment tonight at Ye Liberty theater. A program of more than twelve interesting numbers has been arranged, and it is believed no person in the entire audience can go away displeased with what he will have seen and listened to. And every penny of the receipts will be utilized for the benefit of the hundreds of children whose only summer vacation, whose only hours of recreation and play, will be spent at the Beretania Playground. Everyone has donated services free; the theater has

been gladly given without charge; the films are presented to the committee for tonight's showing with no payment expected—every person has realized the importance of this cause and the necessity of helping it and has done everything in his or her power to make it a success.

Now let the general public help too, by just buying seats and coming to enjoy a splendid performance—realizing all the while that every penny spent tonight's tickets will mean hours of enjoyment for some child at the Beretania Playground. The committee in charge of the entertainment is Mrs. F. B. Steere, Mrs. L. A. Thurston, Mrs. W. D. Adams, Mrs. R. R. Reidford, Mrs. H. M. Alexander, Mrs. L. C. Ables; stage manager, W. D. Adams.

KALIH ORPHANAGE IS IN NEED OF MORE FUNDS

The sisters in charge of the Kalih orphanage are in need of help to maintain their orphanage, and, if possible, take in more members. Every day the sisters hear of needy cases and feel keenly their inability to care for more children, but as it is, they are doing more than could be reasonably expected of them. To relieve the situation somewhat and give the sisters a little working capital, the Catholic Ladies Aid Society is giving a d-d-e-a-t-e-s-s-e sale tomorrow from 9 until 5 o'clock and it is the earnest wish of the society that every one who has the welfare of the orphan at heart will attend. The prices for everything are average, no exorbitant rates will be charged for anything, therefore those who patronize the sale will get delicious, home-cooked viands for the same rate as they ordinarily pay for store goods. If citizens could only see these poor little mites as they are brought to the home, half-starved, emaciated, neglected little creatures, often in a most deplorably filthy state and then see them a few days later happy, well-fed and above all clean, it would cause the most stony-hearted to loosen his purse strings and give freely for this worthy cause. The ladies in charge of the sale are not asking for charity; one gets full equivalent for every cent one spends—and more.

Y. M. C. A. WATER ARTISTS HARD AT WORK FOR MEET

The Y. M. C. A. boys are practicing daily for the swimming meet tomorrow afternoon. A number of the stars of the recent Grammar School meet are again out after the ribbons. H. Harvey, winner of the 20 yards, W. Rowatt, winner of the 40 yards and D. Pratt, the long-distance plunger, are among the entries.

The Wellington Club has a strong lineup of speed artists and are confident of carrying off the honors in Division A. The Decker brothers, Boyd brothers, V. Kahn, J. Tseu, J. Carvalho and N. Robinson are all in trim for the meet. The Kams will be represented by D. Bent, H. Williams, Allen Roach, P. Waikiki and B. Hosea. The Washingtons have figured out that W. Wong will place in the three events in which he is entered. The mainstay of the Magellana is F. Franks. The Giants are entering a team with H. Brundage and Arthur Roach as the star performers. W. Kanakani and a few others enter unattached.

In the Division B races, the Peters have the largest number of entries and expect to hang up the pennant in their club room. G. Kallikane, W. Ahuna, W. Rowatt, A. Melin and L. Redrick represent this organization in the speed trials. The Shermans have two good swimmers in J. Franklin and M. Smith. The Tamerlanes look to Chun Tim and Bun Ng, to annex some of the ribbons. A Morgan is the hope of the Lees. Among the unattached in this class are—H. Harvey and D. Crozier.

Alvey A. Ade, second assistant secretary of state, has sailed for France, through which he will make a six-weeks' bicycle trip.

Only American citizens are to pilot vessels through the Panama Canal under rules laid down by Colonel Goethals. Applicants must be under 45 years and hold masters' licenses.

The senate committee on pensions ordered a favorable report on the bill passed by the House providing for pensions to the widows of soldiers of the Spanish-American War and

RALPH S. HOSMER TO BECOME PROF. AT CORNELL U.

Ralph S. Hosmer has tendered to the board of agriculture and forestry his resignation as territorial forester to take effect September 1, and will leave for the mainland within the next five months to take the position of head of the school of forestry of Cornell university. Mr. Hosmer's resignation is absolute, and will undoubtedly be accepted by the board.

Mr. Hosmer was graduated from Harvard in 1894 with the degree of bachelor of agriculture science, and two years later was appointed as assistant in the division of soils of the United States department of agriculture. In 1902 he received the degree of master of forestry from the Yale Forest School, and in 1903, upon the recommendation of Gifford Pinchot, was appointed superintendent of forestry for the territory of Hawaii. The records of his 11 years of work in the territory formed the basis from which he was selected to head the Cornell forest school by the board of trustees of the eastern institution. Aside from being territorial forester, Mr. Hosmer was made chairman of the territorial conservation commission by Governor W. F. Frear and a regent of the College of Hawaii. He has represented the territory at many national conventions where matters of irrigation, forestry and conservation were discussed.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig-Syrup Company." Refuse any other kind with contempt—advertisement.

Seats in Street Cars?

An interesting feature of modern street-car design is the almost frenzied effort which some builders are making to get seats into every nook and cranny. Once upon a time the designer of city cars believed that a long
